(B) Each day's violation of this section shall constitute a separate offense.

(C) Whoever violates this section is guilty of a minor misdemeanor.

(Ord. 80-26, § 657.02, passed 5-12-80) Penalty, see § 130.99

#### **Statutory reference:**

*Local authority to regulate sanitation of buildings, see R.C. § 715.29*

#### **§ 94.21 WHEN DEEMED UNSANITARY.**

(A) Any structure or building, or any portion thereof used for human habitation shall be deemed to be in an unclean and unsanitary condition:

(1) By reason of any portion of such building being infected with a communicable disease, or by reason of the absence thereon of toilet facilities as required by law or ordinance, or by reason of the known presence of sewer gas therein or thereon.

(2) When unfit for human habitation or in a condition dangerous or harmful to the lives or health of the occupants by reason of the inhabited portion of the house being damp or wet, or by reason of such lack of repair, or by reason of such accumulation of dirt, filth, litter, refuse or other offensive or dangerous substances or liquids, or by reason of such defects in, lack of repair of or improper use of the drainage, plumbing or ventilation, or by reason of the existence on the premises of such a nuisance or other condition as is likely to cause sickness among the occupants.

(Ord. 80-26, § 657.03, passed 5-12-80) Penalty, see § 130.99

#### **§ 94.22 ORDER FOR ABATEMENT OR VACATION OF PREMISES.**

(A) Whenever the County Board of Health ascertains from examination or reports of its inspectors or sanitary officers, or otherwise, that a public nuisance exists, as defined in § 94.21, in or upon any structure of building, or portion thereof, and is of the opinion that such nuisance is capable of being abated without immediate vacation of the premises, or portion thereof, and serves notice upon the owner of such house, or his lessee or agent, or the person in possession, charge or control thereof, directing him to abate such nuisance and remove the unclean or unsanitary conditions within such reasonable time as may be fixed by the Board and specified in such notice, then such owner, agent or person shall abate such nuisance within such time.

(B) Whenever such abatement does not take place within such time, or whenever in the opinion of the Board such abatement is impossible or impracticable without an immediate vacation of the house, or portion thereof, and the Board serves notice upon the owner, lessee, agent or person in possession, charge or control thereof to vacate or cause the vacation of such house, or portion thereof, designated in the notice, then such owner, lessee, agent or person shall vacate or cause the vacation of such house, or portion thereof, within 20 days from the date of the service of such notice, or within a shorter time, not less than 24 hours in any case, as may be specified in such notice.

(C) Whenever, either in addition to or without the service of such notices on such owner, lessee, agent or person in possession, charge or control, the Board is of the opinion that such nuisance can be abated by a tenant or other occupant of such house, or portion thereof and such notices, either for abatement of the nuisance or of vacation of the premises, are served upon such tenant or other occupant, then such tenant or other occupant shall comply with the terms of such notices and abate the nuisance or vacate the premises accordingly. After any such notice or order of vacation, no person shall occupy or permit the occupancy of such premises or portion thereof until such nuisance has been completely abated and such building or portion thereof has been rendered clean and sanitary in accordance with the terms of such notice of the Board.

However, when in the opinion of at least four-fifths of the members of the Board, an emergency exists which requires for the protection of the health of occupants, the vacation of the building, or portion thereof, without a delay of five days, then no such fixing of a time for hearing shall be required.

(Ord. 80-26, § 657.05, passed 5-12-80)

## SCOPE AND ADMINISTRATION

### § 153.01 GENERAL

(A) *Title.* These regulations shall be known as the City of Beavercreek Property Maintenance Code, hereinafter referred to as "this code."

(B) *Scope.* The provisions of this code shall apply to all existing residential and nonresidential structures and all existing premises and constitute minimum requirements and standards for premises, structures, equipment and facilities for light, ventilation, space, heating, sanitation, protection from the elements, life safety, safety from fire and other hazards, and for safe and sanitary maintenance; the responsibility of owners, operators and occupants; the occupancy of existing structures and premises, and for administration, enforcement and penalties.

(C) *Intent.* This code shall be construed to secure its expressed intent, which is to ensure public health, safety and welfare insofar as they are affected by the continued occupancy and maintenance of structures and premises. Existing structures and premises that do not comply with these provisions shall be altered or repaired to provide a minimum level of health and safety as required herein.

(D) *Severability.* If a section, subsection, sentence, clause or phrase of this code is, for any reason, held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this code.

### § 153.02 APPLICABILITY

(A) *General.* Where there is a conflict between a general requirement and a specific requirement, the specific requirement shall govern. Where differences occur between provisions of this code and the referenced standards, the provisions of this code shall apply. Where, in a specific case, different sections of this code specify different requirements, the most restrictive shall govern.

(B) *Maintenance.* Equipment, systems, devices and safeguards required by this code or a previous regulation or code under which the structure or premises was constructed, altered or repaired shall be maintained in good working order. No owner, operator or occupant shall cause any service, facility, equipment or utility which is required under this section to be removed from or shut off from or discontinued for any occupied dwelling, except for such temporary interruption as necessary while repairs or alterations are in progress. The requirements of this code are not intended to provide the basis for removal or abrogation of fire protection and safety systems and devices in existing structures. Except as otherwise specified herein, the owner or the owner's designated agent shall be responsible for the maintenance of buildings, structures and premises.

(C) *Application of other codes.* Repairs, additions or alterations to a structure, or changes of occupancy, shall be done in accordance with the procedures and provisions of the Beavercreek Zoning Code, Ohio Building Code, Ohio Fire Code, International Fuel Gas Code, Ohio Mechanical Code, Residential Code of Ohio for One-, Two-, and Three-Family Dwellings, Ohio Plumbing Code and NFPA 70.

(D) *Existing remedies.* The provisions in this code shall not be construed to abolish or impair existing remedies of the city or its officers or agencies relating to the removal or demolition of any structure which is dangerous, unsafe and insanitary.

(E) *Workmanship.* Repairs, maintenance work, alterations or installations which are caused directly or indirectly by the enforcement of this code shall be executed and installed in a workmanlike manner and installed in accordance with the manufacturer's instructions.

(F) *Historic buildings.* The provisions of this code shall not be mandatory for existing buildings or structures designated as historic buildings when such buildings or structures are judged by the code official to be safe and in the public interest of health, safety and welfare.

(G) *Referenced codes and standards.* The codes and standards referenced in this code shall be considered part of the requirements of this code to the prescribed extent of each such reference and as further regulated in (1) and (2). Where enforcement of a code provision would violate the conditions of the listing of the equipment or appliance, the conditions of the listing shall apply.

(1) *Conflicts.* Where conflicts occur between provisions of this code and the referenced standards, the provisions of this code shall apply.

(2) *Provisions in referenced codes and standards.* Where the extent of the reference to a referenced code or standard

includes subject matter that is within the scope of this code, the provisions of this code, as applicable, shall take precedence over the provisions in the referenced code or standard.

(H) *Requirements not covered by code.* Requirements necessary for the strength, stability or proper operation of an existing fixture, structure or equipment, or for the public safety, health and general welfare, not specifically covered by this code, shall be determined by the code official.

(I) *Application of references.* References to chapter or section numbers, or to provisions not specifically identified by number, shall be construed to refer to such chapter, section or provision of this code.

(J) *Other laws.* The provisions of this code shall not be deemed to nullify any provisions of local, state or federal law.

#### **§ 153.03 DEPARTMENT OF CODE ENFORCEMENT**

(B) *Appointment.* The code official shall be appointed by the chief appointing authority of the jurisdiction.

(C) *Deputies.* In accordance with the prescribed procedures of this jurisdiction and with the concurrence of the appointing authority, the code official shall have the authority to appoint a deputy(s). Such employees shall have powers as delegated by the code official.

(D) *Liability.* The code official, member of the Board of Zoning Appeals or employee charged with the enforcement of this code, while acting for the jurisdiction, in good faith and without malice in the discharge of the duties required by this code or other pertinent law or ordinance, shall not thereby be rendered liable personally, and is hereby relieved from all personal liability for any damage accruing to persons or property as a result of an act or by reason of an act or omission in the discharge of official duties. Any suit instituted against any officer or employee because of an act performed by that officer or employee in the lawful discharge of duties and under the provisions of this code shall be defended by the legal representative of the jurisdiction until the final termination of the proceedings. (B) *Alternative materials, methods and equipment.* The provisions of this code are not intended to prevent the installation of any material or to prohibit any method of construction not specifically prescribed by this code, provided that any such alternative has been approved. An alternative material or method of construction shall be approved where the code official finds that the proposed design is satisfactory and complies with the intent of the provisions of this code, and that the material, method or work offered is, for the purpose intended, at least the equivalent of that prescribed in this code in quality, strength, effectiveness, fire resistance, durability and safety.
